### Concurrent infections of dengue virus serotypes in Bali, Indonesia

#### JURNAL: BMC RESEARCH NOTE

#### BUKTI KORESPONDENSI

The screenshot shows an email interface with a green header bar containing the Yahoo! Mail logo and a search bar. On the left is a sidebar with navigation options like Compose, Inbox, Unread, Starred, Drafts, Sent, Archive, Spam, Deleted Items, Views, Photos, Documents, Subscriptions, Deals, Travel, Folders, New folder, Deleted Messages, Drafts, Notes, and Sent Messages. The main content area displays an email from 'BMC Research Notes Editorial Office' to 'Sri Masjani'. The email subject is 'RESN-D-19-01639R1 CONCURRENT INFECTIONS OF DENGUE VIRUS SEROTYPES IN BALI, INDONESIA'. The body of the email contains the following text:

Dear Dr Masjani,

Your submission entitled "CONCURRENT INFECTIONS OF DENGUE VIRUS SEROTYPES IN BALI, INDONESIA" has been received.

Before we can further process it you are kindly requested to make the following corrections within 4 working days to meet the Journal's requirements (please also refer to the Submission Guidelines available on the Journal website):

**FORMATTING CHANGES:**

— notice that the manuscript had previously been submitted to Journal of Medical Case Reports (JMCR-D-19-02224R1) and had been previously peer reviewed. Please include separate documents containing the response to the reviewer comments and a marked version of the manuscript highlighting the changes in response to reviewer comments in the previous journal.

**SUBMIT YOUR REVISED MANUSCRIPT:**

When you have completed your revisions and are ready to submit your manuscript, please log onto Editorial Manager as an author.

If you have forgotten your password, please use the "Send Login Details" link on the login page at <https://resn.editorialmanager.com/>. For security reasons, your password will be reset.

Go to the menu item "Submissions Sent Back to Author", and click on "Edit Submission". If no changes are to be made in the metadata, please go to the submission step "attach files", and upload your corrected submission. Following this, please:

1. Build the PDF
2. Click "View submission" to ensure all the correct changes have been incorporated
3. Click "approve submission" to ensure the submission of your manuscript is fully complete.

Thank you for submitting your work to this journal.

With kind regards,

Editorial Office  
BMC Research Notes

BMC Research Notes

Dear Dr Masyeni,

There are a few minor revisions that are necessary before we can proceed with your manuscript :

----

--A point-by-point response letter should accompany your revised manuscript. Please include both a track-changed and clean version of the manuscript upon resubmission for the reviewers' benefit.

-- Please insert the heading 'Declarations' for the Declarations section, above the 'Abbreviations' section of your manuscript.

-- Please confirm in the section 'Ethics Approval and Consent to Participate' whether informed consent, written or verbal, was obtained from all participants and clearly state this in your manuscript. If verbal, please state the reason and whether the ethics committee approved this procedure. If the need for consent was waived by an IRB or is deemed unnecessary according to national regulations, please clearly state this, including the name of the IRB or a reference to the relevant legislation.

----

Once you have made the necessary corrections, please submit a revised manuscript online at the journal's website.

If you have forgotten your password, please use the 'Send Login Details' link on the login page at <https://resn.editorialmanager.com/>. For security reasons, your password will be reset.

Your resubmission must contain the following:

1. Point-by-point response letter
2. Track-changes version of your revised manuscript
3. A clean version of your revised manuscript

The point-by-point letter must provide a detailed response to each reviewer/editorial point and describe the amendments that have been made and where these can be viewed (e.g. Methods section, you disagree with any comments raised, please provide a detailed rebuttal to justify your decision.

Please also ensure that your revised manuscript conforms to the journal style, which can be found at the Submission Guidelines on the journal homepage.

Dear Dr Masyeni,

The editor has requested you to include your 'Response to editor-reviewer\_BMC Research Notes-Revised v2.docx' document upon resubmission along with the revised manuscript and the tracked changes version.

Kindly let me know if I should be of further assistance in this regard.

Thank you very much.

With best regards,  
Parthiban

Dear Dr Masyeni,

I am pleased to inform you that your manuscript "CONCURRENT INFECTIONS OF DENGUE VIRUS SEROTYPES IN BALI, INDONESIA" (RESN-D-18-01639R4) has been accepted for publication in BMC Research Notes.

If any final comments have been submitted from our reviewers or editors, these can be found at the foot of this email for your consideration.

Before publication, our production team will also check the format of your manuscript to ensure that it conforms to the standards of the journal. They will be in touch shortly to request any necessary changes, or to confirm that none are needed.

Please do not hesitate to contact us if you have any questions regarding your manuscript and I hope that you will consider BMC Research Notes again in the future.

If you wish to co-submit a data note to be published in BMC Research Notes (<http://blogs.biomedcentral.com/about/introducing-data-notes>) you can do so by visiting our submission portal (<http://www.editorialmanager.com/renn>). Data notes support open data (<http://www.sagepub.com/nature/publish-research/open-data>) and help authors to comply with funder policies on data sharing. Please note that this additional service is entirely optional.

Best wishes,  
Amelia De Salis
