Dear Res Malitaris editor,

We would like to submit an original article to Res Malitaris to be published. In the original research article, we present the research results and discussion related to the problem discussed. We also confirm that this manuscript has not been published elsewhere and is not currently under consideration for publication elsewhere. We declare that there is no conflict of interest. We hope our paper can be accepted and published in Res Malitaris journal. This article is very important for our institution and us, so we really need help from the Res Malitaris journal.
