ICBB2021 - Manuscript submitted to IOP

To: lbwgunam

Inbox - Google 31 October 2021 11:07

Dear Prof.I B W Gunam,

Congratulations for finishing the peer-review process and ACCEPTED for IOP-EES proceedings publication.

We would like to inform you that your manuscript with new IOP ID assignment 041_ICBB2021.pdf entitled: Isolation and selection of amylase-producing microbes isolated from ragi tape and cassava tape available on the markets Has been submitted to the IOP editorial office on 30th October 2021.

Hopefully, we will get feedback soon from the IOP editorial team and inform you of the updates. We would like to thank you once again for choosing to publish with IOP via our event ICBB2021.

Best regards

ICBB2021 chair
Eka Sunarwidhi Prasedya, Ph.D.

ICBB2021 - Proofreading in 2 days

To: lbwgunam

Dear Ir. Ida Bagus Wayan Gunam, M.P., Ph.D.,

Congratulations your article 089_ICBB2021 entitled :
Isolation and Selection of Amylase Producing Microbes Isolated from Several Samples of Ragi Tape and Cassava Tape Available in Markets
has been **ACCEPTED** for publication in IOP-EES ICBB2021.

We will send your manuscript to IOP production.
We have conducted editorial corrections. Below we attach the proofreading version.
Please check the author name and affiliation.

Additional comments from Editor in Chief:
Please adjust table 1. 3 to be in one page. All tables should not be divided by pages.

We would appreciate it if we could receive feedback before **28th October 2021**.

Than you very much

Best regards

[Details](#)

Dear ICBB2021 Committee

Thank you very much for the information that our three papers with the following IDs: **1) 005, 2) 078, and 3) 089** have been accepted for publication at IOP-EES ICBB2021.
I would like to resubmit 3 revised papers from proofreading that have been sent to us previously, as follows:

- 1) 005 "Effect of Saccharomyces cerevisiae ATCC 9763 concentration and fermentation time on bioethanol content from corn stover crude cellulose substrate"
- 2) 078 "Production of bioethanol from wild cassava crude starch (Manihot glaziovii Muell. Arg) using different microbial types and fermentation times"
- 3) 089 "Isolation and Selection of Amylase Producing Microbes Isolated from Ragi Tape and Cassava Tape Available in Markets"

We hope that the three papers can be published by the end of this year according to schedule. Please find out the 3 papers in attachment file. Thank you for cooperation.

Best regards,

Ida Bagus Wayan Gunam

To: lbwgunam

22 November 2021 19:16

Dear Prof.I B W Gunam,

The ICBB2021-IOP conference proceedings are now ready for checking prior to publication.

Manuscript ID 041_ICBB2021

Entitled : Isolation and selection of amylase-producing microbes isolated from raji tape and cassava tape available on the markets

What you need to do:

- Please check attached file
- Check your manuscript title, author name and affiliation, other information could not be corrected at this stage
- Provide corrected pdfs if necessary

Please supply your corrections or confirmation of publication by **25-Nov.**

Things to note:

- The PDFs are what you have supplied to us as checked and approved and ready for publication. We have only added watermarks.
- If we do not hear from you, we may publish your proceedings as they are.
- Any post-publication changes may be charged for.

Yours sincerely

ICBB2021-IOP Conference Series Team

We would like to inform you the status of your manuscript with new IOP ID assignment 041_ICBB2021.pdf entitled: Isolation and selection of amylase-producing microbes isolated from ragi tape and cassava tape available on the markets

We are informed that,

The files have been passed to IOP typesetters and will start preparing the volume for publication.

Production will contact the ICBB committee directly if they find any technical issues with the files and when the volume is ready to be pre-viewed in our servers just before it is published.

Best regards

ICBB2021 chair
