To: nita cahyawati &lt;putunitacahyawati@gmail.com&gt;

Dear Mrs. Putu Nita Cahyawati,

Good day. We have reached a decision regarding your submission to The Indonesian Biomedical Journal, "**Simvastatin Improves The Renal Function and Glomerulosclerosis in Ischemic-reperfusion Injury**".

Our decision is to: **Revisions Required**.

Please **pay attention to the grammar and the use of abbreviations** in this manuscript. Find the file attached to see our reviewers' comments. Please revised this manuscript according to the suggestions before **March 27, 2020**. Mark/highlighted the revised part of the manuscript, so that editor will notice the changes.

When you done, you can upload it in: <https://inabj.org/index.php/ibj/author/submissionReview/1082>, or simply send us an email.

Please reply if you have received this email. Thank you for your attention. We wish you a nice day.

Best Regards,

**Secretariat of The Indonesian Biomedical Journal**

Dear Secretariat of The Indonesian Biomedical Journal

Hopefully always healthy.

I have revised my manuscript entitled "Simvastatin Improves Renal **Function and Glomerulosclerosis in Ischemic-reperfusion Injury**" according to the advice of the reviewer. I included this manuscript through this email.

I apologize for forgetting to inform you that I was received this revision notice 2 weeks ago.

**Thank you for your attention.**

Best regards

Nita

Dear Mrs. Putu Nita Cahyawati,

Good day. We have reached a decision regarding your submission to The Indonesian Biomedical Journal, "**Simvastatin Improves The Renal Function and Glomerulosclerosis in Ischemic-reperfusion Injury**".

Our decision is to: **Revisions Required**.

Thank you for your revision in the previous round. However, there are some things that still need to be revised, including:

1. Before writing the abbreviation for the first time, you have to write what does it stand for.
2. The examinations of blood urea nitrogen and creatinine serum should be explained briefly.
3. In Figure 1, please add error bar.

Find the file attached to see our reviewers' comments. Please revised this manuscript according to the suggestions before **April 10, 2020**. Mark/highlighted the revised part of the manuscript, so that editor will notice the changes.

When you done, you can upload it in: <https://inabj.org/index.php/ibj/author/submissionReview/1082>, or simply send us an email.

Please reply if you have received this email. Thank you for your attention. We wish you a nice day.

Dear Secretariat of The Indonesian Biomedical Journal

Good day.  
I already make a revision based on the advice. I attach the document in this email.  
Thank you for your help.

Best regards  
Nita

Yth. dr. Putu Nita Cahyawati, M.Sc,

Selamat siang. Terima kasih untuk revisi artikel M2019241 yang telah dilakukan. Kami telah memeriksa kembali revisi tersebut. Namun ada satu hal yang kami rasa masih harus diperbaiki, yakni pada sub-section "Biochemistry analysis and body weight determinations" pada Methods.

Pada artikel perbaikan tertulis "Creatinine was measured using a kinetic test without deproteinization according to the Jaffe method and BUN was measured using the urease-indophenol method". Yang kami maksudkan sebelumnya adalah **mohon dijelaskan dengan singkat bagaimana langkah-langkah untuk mengerjakan pemeriksaan 'kinetic test without deproteinization according to the Jaffe method'** untuk memeriksa kreatinin, dan **bagaimana langkah-langkah untuk mengerjakan pemeriksaan 'urease-indophenol method'** untuk memeriksa BUN. Mohon kedua hal ini dijelaskan dengan baik dan jelas, karena hal tersebut sangat penting untuk pembaca, apabila terdapat kesalahan salah/berbeda dapat memberikan hasil yg berbeda. Akan lebih baik bila author dapat mengkonsultasikannya dengan pelaksana (orang lab) untuk informasi yang lebih detail.

Sekian kiranya yang dapat kami sampaikan. Kami akan menunggu hasil perbaikan dari Anda sampai dengan tanggal **10 April 2020**. Apabila ada informasi yang kurang jelas, mohon jangan sungkan untuk ditanyakan kepada kami. Terima kasih atas perhatiannya.

Hormat kami,

Dear Mrs. Putu Nita Cahyawati,

Good day. We have reached a decision regarding your submission to The Indonesian Biomedical Journal, "**Simvastatin Improves Renal Function and Glomerulosclerosis in Ischemic-reperfusion Injury**"

Our decision is to: **Accept Submission.**

Your manuscript will be sent to our publisher for typesetting and you should receive the proofreading in due course. We will let you know once your manuscript is available to access in our Article in Press section. Herein we attach the certificate of acknowledgment for authors.

Congratulations on your interesting research, and thank you for allowing us to publish this valuable material. Please let us know once you have read this email. We wish you a nice day.

Thank you.

Dear Authors,

Thank you for your contribution to The Indonesian Biomedical Journal. In this opportunity, we would like to inform you that your manuscript "**Simvastatin Improves Renal Function and Glomerulosclerosis in Ischemic-reperfusion Injury**" is now available online in our [Article in Press](#) section.

In the process of lay outting, we changed some minor things. Hence, we need your assistance to check if there's any mistake in our printing and please state your agreement and fill the form attached before **May 20, 2020**. If you find any mistake in the design, please do not hesitate to let us know.

Please find the attachment to view the draft of the manuscript and the proof reading form. When you completed all your corrections/comments, please send your commented copy and send it along with your filled "**Proof Reading Approval by Author**" to our email address in [secretariat@inabj.org](mailto:secretariat@inabj.org).

Thank you for your kind attention and cooperation. We will be waiting to hear from you.

Best Regards,
